Some Montanans with significant disabilities require on-going assistance to help them keep their jobs. This assistance can be provided through the **Extended Employment** program. Currently, however, there are 172 people who are waiting over 5 years for this service! Please help us to preserve and increase funding for this program.

Please support **SB 119: Medicaid Buy-In**. Montanans with disabilities may lose essential health benefits by going to work. This program enables them to pay a premium, based on their income, to participate in the state's Medicaid program. Without this program, some Montanans with disabilities can't risk going to work.

MT has 18,158 students with disabilities. Students with disabilities drop out at twice the rate of their non-disabled peers, go to college at half the rate, & are employed at one third the rate. Please support the restoration of funds for **Transition Services** that will help our youth with disabilities graduate & compete in the world of work. [Support MYTransitions Project!](#)
